ICAT PASSENGER SERIES

ICAT CARGO SERIES

Manufacturing Facility

State-of-the-Art Facility :- Our manufacturing facility is equipped with modern machinery and technology to ensure efficient production.

Quality Control :- Every E-rickshaw is thoroughly tested and inspected. We ensure reliable performance, safety, and durability in every vehicle.

Experienced Team :- Our team of skilled engineers and technicians has years of experience in E-rickshaw manufacturing.

High-Volume Production :- Our facility has a production capacity of 800 E-rickshaws per month, meeting growing demand.

Durable Finishing :- Our E-rickshaws feature a durable CED Metallic paint finish, ensuring a long-lasting and premium look.

ICAT Approved :- All our E-rickshaws are approved by the International Centre for Automotive Technology (ICAT), ensuring compliance with industry standards and regulations.
